

"Alexa, tell Rachio to set a rain delay for 5 hours."

"Alexa, tell Rachio to start watering the yard."

Command Rachio with the power of your voice.

Rachio integrates with Alexa directly, enabling you to start or stop Rachio with just a few words. Run zones, set rain skips and more using 100+ different commands.

Water like it's the future.

Hear a friend pull into the driveway? Tell Alexa to "turn off the sprinklers" to avoid soaking your guests, or turn watering off by saying "it's raining" when a cloud shifts over your house. Say what's on your mind - let Alexa and Rachio handle the rest.
